

# Entry level careers

The following table includes most of the entry level opportunities in science careers at Sasol. Depending on your qualifications, you can become an artisan, technician, technologist or engineer. These careers require skills that are high in demand in the petrochemical industry and are well remunerated. To qualify for the careers specified, Maths (not Maths Literacy) and Science at Grade 12 level / NQF Level 4, is a minimum requirement. Furthermore, based on the level achieved in matric and/or higher education qualifications obtained, you can access a career as an artisan, technician, technologist or engineer. Please note the entry requirements for each career respectively.

NB: Maths and Science is a requirement for all of these careers.
